Dearest Ustazah,

Today there was so much work with evening commitments and night time also I had to visit someone in Pindi but Amna was in fever at home so I decided to attend your class from home with home.

AlhamdoliAllah it was all on Ayadat. When you said it's equally important to do ayadat of children, Amnah became so happy to hear that. AlhamdoliAllah I told her Allah is very close by, what ever you ask Allah will give and she asked Allah for Jannah. :)

Wassalaam,
